5	80	3.0769	80	160

G. Employees are encouraged to use at least the amount of vacation hours earned each fiscal year. Those employees who have been credited with pre-existing leave hours are expected to use a portion of the excess as leave time, in addition to the new vacation hours each year, until the maximum accrual is met. The City recognizes that a number of long-term employees have accrued substantially more leave time than shorter-term employees, and that it will likely take them significantly longer to achieve this goal. It is the intent of this section to balance the personal interests of the employee with the financial concerns of the City; as such, significant progress toward reaching the maximum accrual amounts may be deemed a success.

H. Vacation leave time shall not be approved until such time as it has been earned, unless prior, special arrangements have been made with the City Manager. The time at which an employee shall take vacation leave shall be requested by the employee prior to the start of the vacation leave period. Such vacation leave to be taken shall be subject to the prior approval of the Department Head, or designee, subsequent to consideration of the departmental workload and other staffing considerations, such as but not limited to, the previously approved vacation schedule of other employees, sick leave and position vacancies.

I. Not more than once in each fiscal year, an employee who has completed at least 1 year of continuous service shall, upon request, receive compensation for up to 50 hours of accrued vacation time provided that the employee has taken an equal amount of vacation time off within that fiscal year.

J. Employees covered by this resolution shall have ceased accruing general leave. Previously earned time shall be used/compensated for as follows: Upon separation of employment with the City, all compensable leave hours will be paid to the employee at the employee's current base rate of pay.
